## MPACT IS SERVING AT HOME THIS SUMMER!

### Our Mission Week is June 2-8

#### "ON MISSION"

Mpack is ON MISSION this summer! We will be serving those locally within our community and state. Serving Christ locally is beneficial for many reasons.

We invite you to serve with us! Teens, we encourage you to pack your bags and get ready to be ON MISSION!

Why serve local?

**Community Impact:** By serving locally, we can have a direct and immediate impact on the lives of those in your community. Whether it's volunteering at schools, shelters, or local children's homes, your actions can make a tangible difference in the lives of those in your community.

**Building Relationships:** Local service allows you to build meaningful relationships within your community. Whether it's with the individuals you're serving or with fellow volunteers, these connections can foster a sense of belonging and unity.

**Understanding Local Needs:** Serving locally enables you to better understand the specific needs and challenges faced by your community. This understanding can inform future service projects and help tailor your efforts to address the most pressing issues.

**Living Out Christian Values:** Jesus emphasized the importance of serving others, particularly those in need. By serving locally, you're embodying the teachings of Christ and living out your faith in a practical and meaningful way.

**Inspiring Others:** Your local service initiatives can inspire others within your community to get involved and make a difference. Through your actions, you have the opportunity to motivate and encourage others to join you in serving those in need.

**Personal Growth:** Engaging in service activities locally can also contribute to personal growth and development. It allows individuals to develop empathy, compassion, and a greater sense of social responsibility.

**Strengthening the Church:** Serving locally strengthens the fabric of the local church community. It fosters a culture of service and discipleship, where members are actively engaged in fulfilling the mission of Christ within their own neighborhoods and cities.

Overall, serving Christ locally offers a unique opportunity to make a positive impact, grow spiritually, and strengthen the bonds of community. It's a powerful way to live out your faith and embody the love and compassion of Christ in your everyday life.

Teens, adults, families and so on...If you want to serve with us, reach out and we will get you involved!

IN HIS LOVE,  
MC
