

Please visit “[epchurch.churchcenteronline.com/giving](http://epchurch.churchcenteronline.com/giving)” and follow these steps to set up your online giving profile:

- 1) In the “Email” box, please enter the email in which you would like your giving receipt and records to be sent.
- 2) Enter your name in the respective boxes and choose whether you would like to give via an ACH withdrawal from your bank or a credit/debit card. We do ask that you consider setting up the ACH information as it is significantly cheaper (\$0.25/transaction for ACH or 2.3%+\$0.30/transaction for debit/credit cards).
  - a. NOTE\*\* - There are a few additional steps to confirm your bank account information on the site, but it’s very similar to any other online site that withdraws money from your bank account. Please follow the instructions on the screen.
- 3) Once your bank account information has been verified – you’re good to begin giving online!
- 4) At the top of the screen, you’ll see “Login”, if you’ll click this, EP Church will automatically send you a login link via email. Here you will be able to manually give on a one-time basis or set up your profile to give on a recurring basis. Also, your profile will have your donation history and any applicable statements at the click of a button.
  - a. NOTE\*\* - Once you receive the link via email, please add it to your favorites or bookmarks so you do not have to go through the process of receiving the email every time.
