

Small Group Discussion Sept. 27, 2026

1. Foundationally, historically, theologically our Christian ethos is centered on relationship with God and relationship with one another. What is one aspect have you come to value most about each of these two relationships?
2. The church is described as a body that works together with Christ, one part relating to another as a whole. Hope, too, is both a whole community and includes each person. How do you see the persons and the whole working together? struggling? caring for hurting persons in the Body?
3. In this congregation, we invite persons into Covenant Partnership as more than simply membership, but rather a mutual relationship living out the affirmations of our faith. What do you need from this congregation in this season of life? How could you serve others in this congregation? Which ministries have blessed you or your household? How can the partnership between persons be strengthened or healed?
4. How can we pray for your discernment in continuing or beginning a Covenant Partnership with Hope?
