## David Spares Saul's Life

Some men told King Saul that David wanted to kill him. So Saul took 3,000 able young men from all Israel and set out to look for David and his men near the Craggs of the Wild Goats.

Connect the dots from 1 to 20.

He came to the sheep pens along the way; a cave was there, and Saul went in to go to the bathroom. David and his men were far back in the cave. The men said, "This is the day the LORD spoke of when He said to you, 'I will give your enemy into your hands for you to deal with as you wish.'"

Then David crept up unnoticed and cut off a corner of Saul's robe. Afterward, David felt guilty and said to his men, "The LORD forbid that I should do such a thing to my master, ... or lay my hand on him; for he is the anointed of the LORD."

On the blanks below, write the letter that is missing from each group.

David did not allow the men to attack Saul. And Saul left the cave and went his way. Then David went out of the cave and called out to Saul,
