

CAMP SCHOLARSHIP FORM

We love students and want help every student we meet follow Jesus. One of the most significant ways we help our students follow Jesus is through the camp experiences we provide. God works in a special way in student's lives through camps. And we want to make sure that no student ever misses a camp experience due to finances. Camp scholarships are available to assist families who otherwise may not be able to send their student to camp.

We work hard to keep the cost of our camps as low as possible and try to help the scholarship money we raise go as far as possible. With this goal in mind, we ask every family to pay as much as they are responsibly able to. We are eager to cover the rest!

Please prayerfully consider how much your family will be able to cover, fill out the form below, and return it to the church office or email it to Pastor Mathias (mathias@gatewayweb.org) **at least one week before we leave for camp**. In addition to completing this form, don't forget to register for camp and make note that you are receiving a scholarship. Remember, no students misses camp due to money!

Note About Volunteer Work:

We do not require students to complete volunteer work to receive a scholarship. But we do encourage parents to look for opportunities (at Gateway or within our local community) for their students to contribute the skills they do have to serve others as a demonstration of thanks.
