## How to Heal Week 3: Be Healed

The Big Idea: Healing happens in its season.

### Discussion Questions

#### **Matthew 7:7-12**

1. Healing happens in its season. What do we do while we wait?
2. If you only read verse 7-8, how do you picture God? What about in verses 9-11?
3. How can these different pictures of God be reconciled?
4. When we ask God for something, what should we expect?
5. Thinking of God as our perfect heavenly Father, how should we respond if He doesn't give us exactly what we want, when we want?
6. How does Matthew 7:12 fit with verses 7-11?

#### **James 5:13-16**

7. Thinking practically, if a believer is seeking healing from God, list a few steps they should take.
8. What role does your church family play in your healing? (or what role should it play?)
9. James connects healing with forgiveness of sins. Why is that? What's the difference and what's the same?
10. How should oil be used when we seek healing from the Lord? Have you ever had experience with that?

**Challenge:** If any of you are in **hardship**, then go to God in **prayer**. If you are **happy**, sing **praises** to God. If you are **sick**, then ask the elders of the church to come and pray for you.
