

As we continue our Advent journey to the manger, we are inspired to seek the light of God's presence amid the darkness, and to be strengthened by God's unfailing and unconditional love for us.

On Sunday, at 10:30 a.m., our congregation will have the wonderful opportunity to witness an enactment of God's love coming to earth through our Children's Play. Our kids and adults have invested a great deal of time in preparing for this presentation, and I know that all of will be enriched by it.

In addition, the remainder of the worship service will include something different as well. A brief service of Lesson and Carols (and poems) will point us to how the Lord is working among during these days of Advent.

If you are unable to join us for the 10:30 service, you are certainly welcome to share in the early worship service at 8:30 a.m.

Regardless of what your plans may be, we hope that God's love and grace will embrace you.
