FINANCIAL STATUS OF THE CHURCH

Discussion led by Rev. Rich Holmes

Financial Highlights for February 2023

Church Operations

Our operating income for the month of February totaled \$25,935. February operating expenses totaled \$17,059 for a net gain of \$8,876 for the month.

Special Note: \$25,935 income for February includes \$14,200 in donations to offset the budget deficit. \$11,735 was received from normal church operations.

- **Year to date through the end of February, the church has received a total of \$41,533 in contributions and other income to support the operations of the church.**
- **Total operating expenses through February were \$30,430 for a year-to-date net gain of \$11,103.**
- **Combining this \$11,103 net gain with the year-beginning operating reserves of \$39,956 gives the church a total liquidity of \$51,059.**
- **The mortgage balance for the roof replacement and solar panels project loan is \$65,453.**

In addition to the \$14,200 of special offerings in response to the appeal, pledges were increased by \$3,600.

The Ad Hoc Committee has met twice. We have had lively discussions and have generated ideas for fundraising. Our next meeting on 3/22 will be more focused on reducing expenses.
