

Hello!

April 29, 2021

I wanted to update you all on some praises and prayer needs. Below is a photo of the land being measured for Le Bon Berger. This has been 3 years of patience and praying, and we are finally moving forward in purchasing land for our school. Praise God!

Second, thank you to those of you who gave to my furlough financial needs. \$850 has come in and I am so grateful! If you are still interested, you can give here: <https://www.abwe.org/work/missionaries/megan-mackenzie>

Lastly, please be praying that there would be a vehicle available for me to use during my four months in Idaho. If you have a vehicle I could use or a lead on one, please let me know.

Thank you for your ongoing prayers!

With love,

Megan
