

Short Report, 13 February 2024

1. I was unanimously affirmed TEC Al Dhannah's 'Senior' Pastor by the membership on Sunday—praising the Lord for this milestone in our transition and the united start in following him together. A celebratory installation is in the works for 17 March.
2. Support from The Evangelical Community Church in Abu Dhabi has been remarkable—much grace is being funneled into this work through them.
3. Some now-standard mid-weekly meetings I would love you to pray for: Men's study on Wednesdays, Youth meeting on Thursdays, and Ghayathi evangelistic Bible study on Fridays.
4. Some "extracurricular" goals for the month: finalizing a draft of a Church constitution and putting together a church budget.
