Dear friend,

I wanted to take a moment to thank you for all your support and encouragement during my mission trip and even after I return home. We Jangas are grateful for your love and prayers.

I am almost done with my self-quarantine for two full weeks and just one more day to go. It is hard for me to not be able to hold my children during this time, especially the two little ones. The picture below is how I spend my time with them or at least for the most part.

About my Health

I am 100% healthy. Praising God for His protection. **Your faithful prayers have given access to the throne of grace on my behalf, keeping me healthy.** Thank you for your continued prayers! and I am also getting over jetlag, which is good.

I am working with my team in India and the future ministry plans are being laid out. I am excited about how God is working with us in this time of lockdown in India. Would you take a moment to pray

* That this pandemic sweep will not affect our ongoing ministry, support, and our team. and for everyone's health.

* One more new church started in India in a village called Hemajipur.

*One new pastor joined us, his name is Janaiah. I will introduce him to us in my next email.

*Ministry among the medical students in three locations in India. (Details coming soon) below is the picture that I met some of the medical students during my trip.

Meeting with my children during my self-quarantine

Meeting with medical students

Thank you and God Bless you.

He will cover you with his feathers, and under his wings, you will find refuge; his faithfulness will be your shield and rampart. Psalm 91:4

Joseph and Krista Janga

If God is leading you to join our team in prayers and finances please go here, or invite a friend and share this email so we can include him/her to the email list.
