

At Peoples Church we believe that sharing the love and message of Christ isn't reserved just for those who are doing it full time. We believe that this is something all of us must be engaged in. We strive to offer opportunities for each person to share their faith in action.

Local Mission

At Peoples Church we work hard at making our community a better place to live. We encourage our people to get out and serve where there are needs in our community. We provide regular opportunities to make a difference in the lives of people right here in the Pinckney/Hamburg/Gregory area. We also send teams of people to areas of need both here in America and throughout the world.

Celebrate Recovery is a Christ-based approach to recovery—including addictions, eating disorders, abuse, relational issues, and more. CR meets every Tuesday at the church and runs throughout the year.

REFIT fitness overall mission is to create a positive workout experience where everyone belongs. We are intentional about building community and positive messaging. The impact of this targeted approach creates a deeper sense of connection, self-worth and lasting change.

GLOBAL PARTNER OF THE MONTH:

Dan & Sherry Murphy

Dan & Mireille Murphy have a deep connection to Peoples Church. Dan's father was our Sr. Pastor many years ago and we have been partnering with Dan & Mireille from the very beginning. Originally spending a season in Belgium, they lived on mission in Ireland for over 20 years. While their focus is on church planting, it is accomplished through discipleship and something they call friendship evangelism. They open their home frequently for hospitality, inviting in those they meet which eventually leads to opportunities or discipleship. Dan's love of photography provides additional opportunities to connect with people while Mireille often teaches English as a second language.

Their church plant in Ireland is now completely guided by local leaders and doing well. **After months of prayerful consideration, Dan & Mireille recently followed the Lord's prompting to move to Portugal. They will continue their work of church planting by discipling and supporting church leaders.** As you can imagine they are busy learning the language and culture while developing new relationships. Over the years God has shown them the difference between being a true follower of Christ and simply doing nice Christian things. They truly desire to be the Church, not just come and do church things. When everyone begins to see themselves as "sent ones" and are allowed to use their gifts and talents you suddenly have a very vibrant Church!
