

News from the COVP Mission Field

New Hope Eurasia

Thanks to your generosity in the last year:

Two refugee girls were rescued from trafficking & sponsored into transition homes where they will now receive

- * Loving, family-based care;
- * Church integration - introducing them to Jesus & the Gospel;
- * Community Integration - training & equipping them to succeed in life.

Over 100 Ukrainian orphan children received full winter kits consisting of Jacket, hat, boots & gloves.

Clean water and bibles were provided for over 3,000 refugees from the flooding in Kherson.

The destruction of the Kakhovka dam in Ukraine is being called one of the worst human-caused disasters of our time. Over 90,000 victims have lost everything and fled to the port city of Odessa. People come to receive food, water and hygiene supplies at distribution centers – usually a church facility. When they come, in addition to providing for their immediate needs; we ask if they would like prayer or a bible (most of the time the answer is an enthusiastic “Yes”!). They also participate in workshops and kids’ activities.

*Thanks be to God for His spirit moving amongst these people, and for your generosity!
Please pray for healing of wounded bodies and spirits.*

Nova Mission

This mission, facing increasing risks and restrictions in Afghanistan, serves Afghan and Pushtan people. Recent activities include:

- * Park Meets With Ladies - reading the Word as much as they are available
- * Weekly Prayer Walks
- * Language Learning

NO GREATER LOVE

*As we have prayed for people of peace to come our way, the Father is granting us meaningful relationships to key women in the city.

Please pray for protection and provision for M.P. & her team members who dare to meet with young Afghans, those being persecuted for their faith, a change of heart of the government and wisdom and strength for the missionaries who share God's Word in a hostile environment.

Global Gates

Kelly Green (long time CovP missionary) and his 88-year-old dad took a personal Spiritual/Veteran Marine Corps retreat exploring WWII points of interest. A highlight was their visit to the grave of Dad's uncle Jasper who died in WWI. He is buried at Suresnes American Cemetery and Memorial outside Paris. The Green's recently became International Hub Coaching Associates with Global Gates - focusing on the most un-evangelized communities in North America. People with little access to the gospel are moving to cities (Global Gates) with Christian populations who, with the help of technology, allow them to stay connected and deeply influence their family and friends back home - spreading the hope and love of Jesus Christ.
