6:30 PM - A-104 - The Stories of Jonah & Nahum

When we consider all the prophets of the OT, did you know that God called a couple of prophets to minister to Gentiles? We can have a “whale” of a time exploring what God has to say to us through Jonah. We can explore how a city can be burned up and drowned at the same time through Nahum. These two prophets had a unique ministry for one of the oldest and most powerful cities of their day, and the implications for us today may surprise you greatly!
