

# Trinity Church

## Hello from our Trinity Staff team!

We are excited about where God is guiding our church. As our church has grown, a few of our beloved staff have followed God's call to new roles. Amidst the grieving and celebrating, I am reminded one of many areas that God has blessed Trinity for 39 years is providing loving staff to serve our community in Jesus name.

We need God's provision and your help in these hiring opportunities. Here's how you can help: 1. Pray after you read this for our Heavenly Father to provide Godly staff to join us. 2. Consider forwarding this email on to anyone you know who may have local admin connections or youth director connections nationwide.

Administrative assistant update: Do you know skilled office administrators, office managers, or servant leaders who love working for a team that is impacting our community in Jesus name? This is an exciting time to join our administrative assistants on our staff team. Our teamwork includes flexible hours joining a great community of people at Trinity on Mondays-Thursdays.

The Administrative Assistant has primary responsibility to ensure timely and accurate administrative support for our ministry staff and to assist with office responsibilities as requested. Professional and administrative experience managing projects, along with excellent people management skills, are essential to the roles. Email resumes, including skills related to Microsoft office, to Tony Mlynarek at [hr@trinityepc.org](mailto:hr@trinityepc.org).

In the past, we have combined several of these roles for 2-4 staff. We are currently hiring for the following administrative assistant roles:

- Administrative Assistant to the Lead Pastor
- Administrative Assistant to the Associate Pastor
- Administrative Assistant to the Executive Director
- Administrative Assistant to the Director of Children's Ministries

And we also are hiring:

- Staff Accountant
- Director of Student Ministries

Youth Director Update: We appreciate your prayers as our Student Ministries Search Team meets to pray and prepare to welcome qualified candidates for interviews for our future youth director. The opening is posted on [www.churchstaffing.com](http://www.churchstaffing.com) and our website. Thank you for all the ways you celebrated the fruitful ministry of Alex Walton with his family and our youth. We just had 63 students away for a weekend retreat seeking Jesus together! God is so good, and His love endures forever.

Grateful for our faith community and your partnership in the gospel,

[Tony Mlynarek](#) on behalf of the Trinity Staff Team

Executive Director
