

Trinity Youth Director Description

The Trinity Youth Director leads our youth, serves our families, and invites our neighbors from a diversity of schools to join us in God's good plan to make new and healthy disciples (while having good fun with Metro Detroit students!). The best candidates love students, live God's Word, and equip teams of staff and volunteers. The ideal candidate will thrive on the Trinity team by giving leadership and development to the youth ministry in totality. In addition to building the ministry with sound strategy and Christ-centered approaches, the candidate will demonstrate abilities to engage in the lives of students in homes, as well as local middle and high school campuses.

Gifts in teaching, discipling, and welcoming students are essential. Expect to be well loved by the Trinity community, while integrating church leadership and staff wide responsibilities. The successful candidate will express a sound Student Ministry philosophy, work well with strong pastoral leadership, and be accountable. They will be passionate about their call to ministry and be committed to achieving all goals in the context of teamwork and healthy leadership.

We want to continue to see successful growth in our youth ministry of 100 students, and have been praying for a great leader to join us. Applicants can email their resume to hr@trinityepc.org.
