

We believe that every person was created with unique gifts and talents to share with the world around us. Through serving inside and outside the church, we activate the gifts and calling that God has placed in our lives. Serve teams are a great way to get started activating those gifts. We have several serve teams to choose from (listed below) offering great opportunities for you to get involved in the mission here at Coastal. When you join a team, you are also connecting with a group of people, building relationships and caring for others, while receiving care yourself.

Coaching

Coaches are men and women who have been walking with Jesus and just like Him, we want to bring others along side us and help them go further. We say there are four essentials to becoming a great coach: The art of listening, the art of asking good questions, the art of seeing deeper, and the art of getting people moving. These are the four essentials that we teach, resource, and train all our coaches.

Coaches are required to meet monthly with the person they are coaching. They take steps to follow up regularly and provide care and encouragement. We use many different models and resources for creating a great coaching experience.

***ALL COACHES MUST PARTICIPATE IN ANNUAL
"COACHING TRAINING SESSIONS" AS WELL.**
