	Grand Total	\$ 600
--	-------------	--------

Give a brief description of each family member’s responsibilities/activities on the field:

Ronald is the Africa Region Youth Ministries Coordinator as well as the coordinator for urban ministries. He is responsible for forming teams of young people to go into the cities to plant churches, as well as the raining and empowering of the leaders across the region who do youth ministries in their local churches and on their districts.

Shelly is helping Ronald with the NYI administration as well as helping in the media department with the Out of Africa, a montly newsletter produced by the Region, and hostess to missionaries and church personnel coming to Johannesburg, South Africa, for medical help or church meetings.

List items of interest (major events or grown children/grandchildren not on LINKS and PRAYER requests to be shared with your LINKS district:

Ronald is starting some new ministries on the Region and can use extra prayer as he begins mobilizing the young adults on the Region to get involved in urban ministries through evangelism teams. Our two oldest children are in their first year of mainstream school in South Africa, learning a new language. Shelly is working from home while taking care of the two younger children.

Provide a few “Get Acquainted” facts about each family member i.e. hobbies, interests, favorite sports, foods, etc. and list some possible gift suggestions:

Ronald: all spots, but especially English soccer, reading, playing with the kids, peanut M&M's, ranch dressing and Aunt Jemima syrup ;), Amazon or Wal-Mart Gift Cards.

Shelly: Cooking/baking, sewing, reading, chocolate chips, Tootsie Rolls, red Twizzlers, Amazon or Wal-Mart gift cards.

Abigail (10): anything creative--crafts, drawing, etc., swimming (on her school swim team), playing, riding bikes, climbing trees, watching movies (kids movies). Likes to eat anything sweet/chocolate.

Malachi (8): Lego--anything at all to do with Lego. He also swims, plays, climbs everything, video games, watching movies. Also a big fan of sweets and chocolates.

Elijah (Almost 4): playing with cars and trucks and Rescue Bots, swimming, Riding his bike, jumping on a trampoline, playing with his older brother and sister. Sweets are his favorite thing to eat.

Eden (almost 2): She plays with just about anything, but likes dolls and babies. She rides her little scoot bike, jumps on the trampoline, sings and loves swimming with her older siblings.

When we are home on furlough, we always buy the kids' clothes, so gift certificates to Wal-Mart or Target or other similar stores that are in the Midwest are appreciated as our "home base" is S. Indiana. We also appreciate Amazon gift cards as we like to read, but also because of the wide range of items availble on Amazon and the convenience of shipping within the USA.
