Instructions:

Fill in the chart to the right and the boxes on the next page with the decisions you made in the “Design Your Outreach” sections.

This worksheet will help you make a few last key decisions and then compile all of the decisions that you have made about the design of your outreach into a comprehensive plan. This worksheet will become an important reference point for the rest of your steps, so complete it as thoroughly as possible!

1 Choose the Dates for Your Outreach Week

- **Try to avoid overly busy times at your school** (i.e. Large events such as prom and homecoming or standardized testing weeks and the weeks before/during midterms and finals).
- **Keep in mind holidays:** If you can, plan your Outreach Week before holidays, so you can share about the real meaning of that occasion (i.e. Christmas, Easter etc.) But, try to create enough space before the holidays to complete your follow-up plans. Leave at minimum 1 week to host your follow-up club meeting before break, or pick it back up right where you left off.

2 Fill in this Chart with Your Outreach Strategy Decisions

- **Instructions:** Fill in when you will host your 3 main outreach strategies: Rallies, Witnessing, and Materials-Distribution. (We encourage you to do each strategy each day of the week. A full Outreach Week will have a minimum of 3-5 rallies, 3-5 witnessing days, and 3-5 materials-distribution events.)

▶ Remember Your Options

▶ But Know Your Limits

- **You can do each strategy multiple times in the same day** (as you can see, on each day there are two columns of bubbles for each strategy).
- **You can do different outreach strategies on the same day at the same time** (as you can see, on each day within each strategy is the option for before school, during lunch, or after school time slots).
- If you are a new club, we encourage you to only do each strategy one time per day. Do what you can do, and do that well. Focus on the **quality** of your outreaches.

COMMUNITY PARTNERSHIP WORKSHEET

Instructions — Now that you have had an opportunity to see all of the ways that the people around you can partner with you, it's time to take the list of brainstormed names from pg 164 of the Outreach Guide and add them to this worksheet. Across the top of the chart, list the youth pastors, pastors, members of your congregation, parents, teachers and club members that you can ask to join this mission with you. In the middle of the chart, place a check mark for everything you want to ask that person. Keep track of how people respond so you can follow up with them through the process and keep them involved (you can circle the X on this chart or you can highlight the opportunity once it is covered by someone; do whatever is most helpful to you. Make sure to note when an item has been covered financially so you can praise God for His provision.)

OUTREACH WEEK SCHEDULE

Whew! You did it. That was huge and long, but you did it! And now moving forward, you'll be so glad you did, because now ALL of your details are planned out. Did you notice that throughout that step you set lots of dates? You decided when you would do everything, and now it's time to collect those dates so you don't forget what you planned – into your Outreach Week Schedule. This schedule will be super helpful as you mobilize Christian students and the Christian community to get involved. At one glance, they'll be able to see everything that's going on during your Outreach Week, what other dates are being planned before and after the Outreach Week, and what they can be a part of.

What's happening during your Outreach Week?

Fill in the Outreach Week schedule on the next page with all the events you will do during your Outreach Week (including the weekend before and after).

Look back through this Details step and fill in the events for each day of the week (rallies, witnessing, etc).

Mornings	Mid-Morn	Lunch	After School	Evening
Announce your plans in church	Personal Distribution	Rallies	Rallies	Kick-Off Event
Hang Posters	Pass out promotion flyers	Witnessing	Witnessing	Celebration Event
Pray Together		Mass materials distribution	Mass materials distribution	
Witnessing		"Walk Arounds"		
Pass out promotion flyers				

This is not the place for every single detail about these events. It's only a broad calendar so you can easily see what you are doing on each day. So write the rally theme for that day and the location for each of these events (that way students and community members can easily come find you). **Make lots of copies so you can give them to everyone!**

What's happening before and after your Outreach Week?

What should you do with the dates you decided for events happening before and after your Outreach Week? Write them on the bottom of your schedule, so everyone can see all of your dates in one place.

STEP 2.....WHAT DID GOD DO?

COMPILE YOUR OUTREACH WEEK REPORT.....

Part of this debrief step is to look back and see what God did during your Outreach Week. You've already debriefed your team, remembering among you what happened in the lives of students, how you grew, the miracles God did, etc. Now it's time to get a bit more specific and write out all that happened, including stories and stats, so you don't forget, and so you can leave a legacy for clubs in future years.

"Sing to the Lord, bless his name; tell of his salvation from day to day. Declare his glory among the nations, his marvelous works among all the peoples! For great is the Lord, and greatly to be praised" (Psalm 96:2-4).

Later in this step, you'll take this exciting report and go share it with all those who supported and participated with you in this incredible endeavor to reach your school. They will be encouraged to know what they were a part of!

Fill it out!

CHRISTIAN CLUB ASSESSMENT

This worksheet will reveal strengths and weaknesses in your club's readiness to reach your school for Christ. You will revisit these questions at the completion of each outreach cycle and again at the end of the year. It's ok if you're just starting out and this assessment reveals many areas for growth; your answers will serve as a basis for measuring that growth and will hopefully inspire godly ambition to excel!

Instructions. Please choose a date range for this assessment: if you are filling it out for the first time, answer based on all of last year; after your first Outreach Week, base your answers on the past semester. If you don't have an exact answer for a question, please estimate.

Understanding Your Assessment

The questions you just completed aren't just facts; they should inform your planning and guide your goal setting. So, we'll analyze those answers to understand what they mean. This analysis is best completed as a group discussion.

In each section, you'll find a series of traits that may describe the ministry of your club. After reading each trait, give your club a score: either an S, a C or a G.

- S Strength:** Areas in which your club already excels.
- C Competence:** Areas in which your club is OK.
- G Growth needed:** Areas in which your club definitely needs to grow.

Section 1: Reaching Every Student

.....

Rally Attendance. Low attendance at rallies is most commonly caused by a lack of promotion. Students can't attend if they don't know about it.

Witnessing Conversations. Students hear the gospel through students sharing boldly and consistently. If few people are hearing, you may need to work on training your club members how and why to share Christ.

Consistent use of Christian Materials. Christian materials can be used in many ways. If your club used only one or two materials strategies, try making it a goal this year to branch out.

Heart for Follow-Up. If you did little follow-up, you need to remind yourself and your club of the big picture: sharing the gospel leads to new life in Christ. Spend some time this year going over why follow-up is so important.

Section 2: Mobilizing Christian Students

.....

Witnessing Training. Student missionaries must be trained to witness. If your witnessing training is low, that's a key area to improve.

Club Member Involvement in Rallies. Low involvement in outreach could show a need to personally invite members to get involved. You also might need to recruit new people to join the club.

Section 3: Mobilizing the Christian Community

Community Network. Having few partners results from a failure to ask. Did you invite parents and church members to partner with your club's ministry? Do students and adults pray together for your campus?

Church Partnerships. If there were few youth pastors involved in your outreach, invite all the youth pastors represented among your club to join.

On-Campus Network. If there are Christian teachers on your campus not currently involved, invite them to your Outreach Week. If your administration doesn't defend your rights, you'll have the chance to share the truth with them.

Section 4: Developing Future Leaders

Size of Leadership Team. If your leadership team is small, prioritize finding a few more Christians on your campus to join your team.

Clear Leadership Roles. Beyond a club president, it's often helpful to have a leader for each of the following areas: partnership with the Christian community, promotion, Christian materials, administration coordination, and club mobilization.

Inspiring Mission Statement. A good mission or vision statement gives direction and sets the tone for the year. Later you'll have an opportunity to change or write a new mission/vision statement for your club.

Leadership Communication. A team is only as strong as its communication. If your team doesn't communicate well, that will be a baseline area to grow.

Consistent Club Attendance. One way to see if your club will have leaders to carry the mission in future years is attendance at club meetings. Do you have many committed members, or do attenders come and go?

Stop & Reflect

S These are core strengths of your club. Praise God! Consider how you can make the most of these strengths to reach your school.

C These are solid. Keep up the good work, and seek to keep improving.

G These need immediate work. You don't have to be strong in every area; competence is ok. But don't let areas of needed growth cripple your ability to reach your school.

Take note of these areas of strength and weakness. You can always improve in any area, but you can't excel in everything. Keep trusting God and work together and you will see improvement next time you take this assessment. Remember that God is glorified in our weaknesses and He will do His work in your club.
