

Kids Classes Restart – October 2020 (Phase 2A 10/18 – Phase 2B 10/25)

As we look at ways to creatively continue ministry and enter in to Phase 2 of reopening, providing nursery and children's classes is a major priority. We desire to create an environment that is both safe and sanitary, while also welcoming and not overly restrictive.

Our priority is the both the safety of our family of faith and a desire to disciple our children and make a way for families with younger children to return to worship. We have a third desire and responsibility to take the proper precautions to ensure that we can continue in ministry church wide. In order to do this, the following changes will be put in place.

This is a step filled with much joy, but also challenges, and we ask that everyone would be in prayer together as we seek to continue the faithful ministry that God has called us to! We know that the family is the center of faith development, but the church has an important role in discipleship and training as well, and we are eager to get back to playing that powerful supportive role.

****All individuals (Teachers / volunteers / kids) are encouraged to take their temperature before coming to church, and are asked to worship from home if they are experiencing any symptoms (of an unknown origin) of the common COVID-19 symptoms listed below:**

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

We are not requiring masks for kids or teachers/volunteers, but we affirm and encourage each individual and family to choose what is best for their own situation
