

Reentering the Asian Door

March 18, 2008

I see myself back in the Lobby, actually walking out of the elevator and into the Lobby. Favor greets me saying, "We're going back to Asia, let's go." I look around and notice that there aren't any other heavenly beings nearby (they are in the room, just not nearby) so I ask, "Who's going with us?" His answer both surprises and delights me, "Nadine." He says. I turn to my right and see Nadine standing there looking as radiant and beautiful as I've never seen her with such a BIG a smile on her face.

I seem to know that we're headed for Japan this time. As the thought enters my mind, Nadine says to me, "Yes, Osaka." and Favor adds, "The Father has very important business there."

With Wisdom now standing near, I understand that there are protocol issues to be resolved between the Tri-Cities or Washington and Japan.

As we approach the door marked Asia, our team assembles. Humility and Love line up behind Favor. Nadine and I walk side by side and, Wisdom has our backs.

As we pass through the door, I see the Ancient, Asian Warrior again. As usual dressed in red and still on Horseback – like he was in room 405.

I'm excited, I know that this is going to be powerful!

Surprisingly, the vision suddenly and abruptly ends, just as I was seeing a bright orange glow, like a sun rise.

Oh, man, Japan is called the "Land of the Rising Sun."

I hope I get to finish this adventure both in the spiritual and natural realms!
