Dallas + Mandie

THE FALL BEGINS!

We have just finished up the first month of pioneering on campus here at Pittsburg State! We are grateful for open doors from coaches to allow us to be at practices, for all of the connections we've been able to make with students on campus, and the ways we've been able to settle into the community and campus day by day! Here are some pictures and more highlights from the semester so far.

Pictured above, our staff guys, Carson and Rhett, challenging baseball guys to ping pong. Not sure who won!

OPEN DOORS ON CAMPUS

We have access to football, soccer, volleyball, track, softball, and baseball practices and this has allowed us huge wins in friendship with student athletes. Even on our satellite campus, Missouri Southern, we have access to track, soccer, and baseball! God has paved the way for us for sure!

The girls have been able to get time around the volleyball athletes and are praying for a faith discussion to begin on this team! They have met almost all of the team and are excited to see what God does in the weeks to come! Pictured right are Mandie, Bailey, and Faith on campus.

FOOTBALL + SOCCER DINNERS

One way we love to serve students is through dinners! Dallas and the men got to host a football tight end dinner, while the girls got to invite over some of the soccer freshmen for dinner! Pray for Adelynn, Livi, Piper, Hailey, Sophie, and Annie, as well as the guys (left to right), Fisher, Jayden H, Damon, Jadon K, Austin, Jadon H, Karson, Connor, Landon, Eli, and Bryant. (yes there are three “Jayden”’s)

PERSONAL UPDATE

We are really grateful for each of you and your continued prayer and support of us! Honestly, we have been very well! We will be married for 4 years this October and look forward to trusting God's plan for our lives and for our future family. Our home projects have been going slow and steady but, for Dallas, he has loved learning to be a "handyman"! We are settling more and more into the town and community and have found a church family we love and feel like we could thrive in. Thank you for caring for us and our journey!
