

NEW BUILDING

- Benefits of new building
 - The Sanctuary accommodates multiple styles of worship.
 - The Sanctuary will be fully handicapped accessible.
 - Much improved kitchen space that will be handicapped accessible.
 - Larger more modern handicap accessible restrooms on first floor and lower level.
 - Youth group room will be on the same level as the lower level hallway, dining/fellowship room and kitchen.
 - Covered drive-up entry to back of church.
 - Elevator with three stops easily accessible from back of church.
 - New two-story open atrium adjacent to sanctuary to allow for fellowship before and after church.
 - More inviting and welcoming front entrance to church.
 - The new atrium can be used for multiple purposes such as small group meetings, Bible study, luncheons as well as fellowship before and after worship.
 - The new atrium can be used as an overflow area for larger services such as Easter, Christmas, weddings, and funerals with live video and audio feeds.
 - If the finances can support it, we may be able to salvage some of the stained-glass windows as decorative elements, rather than structural, to honor our past.

- Financing the new building
 - Between the last capital campaign and estate money available for the new building, we have over \$1,458,000 in the bank as of 9/30/2018. This is actual money in the bank currently invested in FDIC insured interest bearing accounts.
 - A second capital campaign will be necessary.
 - A loan of approximately one-third of the project cost will be required.
 - Current estimated cost for the new sanctuary building is \$3,566,146
