Hello Families!

Can you believe your little one not only survived the first day of school but also completed their first week!?! During these first weeks the teachers are working on basic classroom behavior to establish a good foundation for the entire school year. This includes standing in a single file line, keeping hands and feet to themselves, raising our hand, being good listeners and other important skills.

I am hoping that your preschooler is excited to see you at pick-up and eager to share all the details about their day. I have been so impressed with how great they have done this first week. I have seen so many smiles, been given high fives and seen beautiful artwork.

If at any time you have questions or concerns regarding your student, the program or anything else please do not hesitate to stop by the office, email or call me. I am in the office Monday-Thursday 8:45am-3:15pm and Friday 8:45am-12:00pm.
