LENDING A HAND IN HAITI

Deer Lake United Methodist Church and BLOCK Ministries are now partnering with International Christian Development Mission (ICDM) to make a difference for Jesus in Haiti.

ICDM exists to "educate, equip, and empower" the people of Haiti through the power of Jesus Christ.

International Christian Development Mission (ICDM) is a Haitian-run ministry to the people of Haiti. Begun in 1989 under the shade of a mango tree, ICDM has continued to educate and feed thousands of Haitian children from the Bayonnais region of Haiti. Over the years, the educational efforts of ICDM have produced doctors, nurses, teachers, and business people who are shaping the future of Haiti.

During its 26 years of existence, the ministries of ICDM have expanded to include the mobile school of evangelism and leadership conferences to train Haitian pastors in leadership, theology, and community development.

ICDM also is supporting entrepreneurial development among local people to raise the standard of living for the people of the region. They are doing this through education and micro-loan programs. Right now they are sponsoring 20 community cooperatives to help businesses grow.

PROJECTS THAT MAKE A DIFFERENCE

We invite you to consider investing in the following projects which are honoring God and making a difference in the lives of the people in the Bayonnais region of Haiti. Through farming and trade the people of Bayonnais try to feed and support their families.

How about giving a hand up, not a hand out?

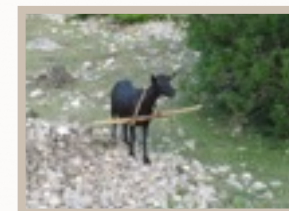

LIVESTOCK IMPROVEMENT PROGRAM: \$25,000

Begun by Dr. Charlie Field of DLUMC this program improves the yield of farm animals by vaccinating them against worms and other parasites. It also seeks to increase feed options by sowing pasture and protecting it with solar electric fencing on land which is currently underutilized and at risk for erosion.

Your Investment

- \$100 Vaccinations for 250 animals
- \$250 Seed for 5 acres
- \$400 Solar Electric Fencing for 5 acres

Better health means a better life for animals and people.

SEWING COOPERATIVE: \$8500

Begun by Emanie Cetoute the cooperative is training local women to sew as a way of generating extra family income. Not only will the trained seamstresses be able to earn money on their own sewing projects they will also be able to band together on larger projects like school uniforms. Emanie is hoping to move the cooperative out of her house to a larger facility with more machines.

Your Investment

- \$25 Bolt of cloth
- \$350 Sewing Machine (10 needed)
- \$1000 1 wall of the new building

Emanie meeting with the DLUMC Team.

WHOLESALE FOOD COOP: \$20,000

Many people in Bayonnais earn cash through trading at local markets. In order to purchase goods at wholesale prices for local resale many women must walk 20 miles, a day's journey. ICDM dreams of setting up a local wholesale cooperative where goods can be purchased to help resellers cut down on time away from their families. This project and the sewing project are sponsored by BLOCK Ministries.

Your Investment

- \$50 10 gal. cooking oil
- \$90 100 pounds rice
- \$150 100 pounds beans
- \$1000 COOP Sponsor

Help make market day easier.
