

## Christian Center Church – Children’s Ministry Vision

### Grade School

A child who has regularly attended Christian Center’s Children’s Ministries will know and love Jesus and will have been invited to accept Him as their personal Lord and Savior. He will regularly use prayer for others and for himself, understanding the privilege we have been given to speak directly to God Himself! She will be familiar and adept at using the Bible, knowing how to look up verses, as well as understanding that the Bible is God’s Word – living, active, true & relevant for daily life. She will hide God’s Words in her heart, where they will be actively available for the Holy Spirit to bring to mind. He will apply teaching to his life, serving others and making daily choices that align with God’s Word.
