

Christian Center Church – Children’s Ministry Vision

Preschool

Children from age two through Kindergarten will be taught many things while in the Sunday School classrooms of Building C at Christian Center Church. We will focus on teaching prayer, the Bible as God’s Holy Book full of truth, the importance of memorizing God’s Word, as well as relationship skills, sharing, serving, compassion & responsibility.

Children will use fine-motor skills, large motor skills, sing, role-play, listen attentively and repeat Bible truths in a loving environment that recognizes individuality while encouraging positive group behavior.

Our children will **know** who God is (through Bible stories), **love** God personally (through prayer & experiencing His love through others), and **serve** others (through helping in the classroom with picking up toys & materials, passing out snacks, and such.)
