

April 18, 2016

Dear Christian Center Family,

First of all, I would like to thank every single one of you for your faithfulness, we (the CCC team) have made it through the 1st quarter, post transition. There have been 24 new decisions for Christ, we are in the black financially, blessed with so many new faces and overjoyed about what God has for us. Your prayers, encouraging words and hard work have solidified the future of CCC.

This year in December, our church will celebrate 70 years in existence. So much ministry has gone before us and the Holy Spirit has reached, set free, and transformed countless lives through our obedience to God's calling in this city. I want to urge you to remember, the same God who has lead this church through the last 70 years is the one who will lead us through the next.

We find ourselves in a unique position as a church; there are very few churches who go through a transition like we have. For a leader to be at the head of an organization as long as Pastor Kitchell has is very rare. Having said that, a transition like ours is unprecedented and we have navigated it with exceptional grace. There have been some incredible successes in this process as well as some heartfelt losses. The key however, is for all of us to stay resolute in the knowledge that God himself has ordained this transition and will be faithful to see it through.

Change is hard, no matter how you are experiencing it. It is necessary however, if we are to grow and find our full potential in the Lord. God is calling us to reach an emerging generation who are lost, hurting and without hope. My prayer is that ALL of you would join me in this endeavor Christ entitled "The GREAT Commission". Time is short and there is so much to be done. Come along side, find your purpose and get in the fight, lives are hanging in the balance.

Sincerely,

Kevin Dolbee
Lead Pastor
