

## **Next Steps: Multiply What You've Received**

### **You are now a disciple who can make disciples.**

You've finished all of the 10 discipleship conversations. You've experienced life-on-life discipleship. Now it's your turn to pass it on.

Jesus didn't say, "Make converts."

He said, "Go and make disciples... teaching them to obey everything I have commanded you." (Matthew 28:19-20)

This is how the Kingdom grows — one ordinary person investing in another ordinary person.

### **WHY We Multiply**

- Jesus commanded it.\*\* The Great Commission is not optional. It is the final marching order He gave His followers.
- Multiplication is the fruit of a healthy disciple.\*\* When you've been changed by Jesus, the natural next step is to help someone else experience the same change.
- The world desperately needs more disciples who make disciples.\*\* People are hungry for peace, purpose, and real hope. You now carry something they need.
- It honors what God has done in you.\*\* The best way to say "thank you" for the investment someone made in you is to invest in someone else.

### **You are living proof that one person can change another person's life forever.**

#### **YOU CAN DO IT**

You don't need a theology degree.

You don't need to be perfect.

You don't need to have all the answers.

Your discipler was just one step ahead of you. Now **you** are one step ahead of someone else.

#### **Here's all you need:**

- A willing heart
- The same material you just completed
- One person God puts on your heart
- The power of the Holy Spirit

**Read:** Philippians 4:13 "I can do all this through him who gives me strength."

**Read:** Matthew 28:20 "And surely I am with you always, to the very end of the age."

## **Your Simple Multiplication Plan**

1. Pray daily: “Lord, who is the one person You want me to disciple next?”
2. Invite them to meet for one hour a week using First Steps Conversations.
3. Walk them through the exact same lessons you just finished.
4. When they finish, challenge them to do the same for someone else.

Start with one person. That’s how it multiplies.

## **This Week’s First Step**

- Write down the name of one person God is putting on your heart.
- Pray for them every day this week.
- Reach out and invite them to begin First Steps with you.

## **You’ve been disciplined. Now go disciple someone else.**

Jesus is with you. The same promises of peace, power, and provision that carried you will carry the person you invest in.

**LEADER:** How can I pray for you right now?

Let’s pray together that God will give you the right person, the courage to invite them, and the joy of watching them grow into a disciple who makes disciples.

You are a Child of Promise.

Now go raise up more children of promise.

## **The Kingdom multiplies through people like you.**

Go do it!
