

WEEK SIX

Parents,

As a church, we believe in you, the family, and it is our calling to support you in your role as guardian and caretaker. While our six weeks of encouraging emails come to a close, I leave you with one more powerful resource.

The first resource is **Praying For Your Family**, which includes thirty days of prayer and scripture. If you use the guide as a countdown, I hope and pray we move out of quarantine by the time you finish.

The second resource is **A Guided, Online Prayer Time**, a quick video where we guide you through praying for your teenager.

Although the last few months have not been easy, we have hope: God can replenish and restore our souls. May He do so during our time of prayer together.

It has been my pleasure to encourage you. As the days unfold, please do not hesitate to reach out if you need anything.

Grateful,

Mark
