## In Loving Memory

*Norma Jean Taylor*

March 13, 1934 - January 24, 2021

*Ronald Loren Taylor*

December 25, 1930 - January 4, 2026

Ronald lived by the Greatest Commandments - love God, love others. He proudly served in the United States Air Force and was a public school teacher for thirty-nine years. He also blessed others through his gift as an artist, often giving away his paintings - even to strangers. He had a playful sense of humor, a love of world travel, and an appreciation for nature, from backyard gardening to the California coast. All who knew Ronald would tell you he was a man who brought the joy of the Lord with him everywhere he went.

One of Norma's most frequent sayings was, "Remember, Jesus is your best friend," and every facet of her life demonstrated that. She shared the beauty of her Savior through her gift of music, both piano and singing. Norma devoted most of her time to others, whether lifting them up in prayer, listening to their hearts, or practically serving in her community. She had a playful side that loved board games, sneaking candy when she thought no one was looking, and traveling adventures around the world with her best friend, Ronald.

Their 67 years of marriage displayed the beauty of life lived God's way. They shared decades of love, friendship, joy, fun, and purpose together. And now they are sharing it all again - this time, in the presence of their Savior! Well done, Dad and Mom. Your legacy will continue as we, your children, live our lives in honor to God, our families, and others.
