

ECC Weather Policy

This weather policy is applicable for ECC's various events and activities, including but not limited to Sunday Worship Services, Sunday school/ classes, etc.

Subject to announcements by the Hong Kong Observatory which typically gives 2 hours' notice for hoisting tropical cyclone warning signals, various steps of precaution shall take effect, including but not limited to the cancellation of events and activities for the safety of our congregation, children/ youth, volunteers, contractors and staff. Please refer to the timelines and scenarios set out in the tables below for guidance.

Generally, four (4) hours' time consideration is given after the lowering of Typhoon Signal No. 8/ Black Rainstorm Warnings to ensure availability of public transportation services for relevant church staff and/ or ministry leaders to arrive for set up and preparations of the services and/ or events. ECC'ers are to listen to radio or television announcements or follow updates on Hong Kong Observatory's website at www.hko.gov.hk. As far as practicable, guidelines are adopted with reference to those published by Hong Kong's Education Bureau and/ or Labour Department.
