I want to take a moment to share with you what our kids and students are learning in Sunday School. This month, the kids will learn the Simple Truth, *I Am Made for Community*. We will explore stories that teach how God welcomes, connects, values, and invites us all so we can be part of His family. Being part of God's family connects us with His community. This week, kids will learn that God welcomes us through a story Jesus told about a man who planned a party. When the people who were invited refused to come, the man sent his servant to invite everyone they could find. Jesus told this story to help us know that everyone is invited to His kingdom, but we must accept the invitation. God sent Jesus so everyone who believes in Him can have a relationship with Him. Not only will they learn that they are made for community, they are also learning three new songs that they will share with us during *Behold the Lamb* this December.

Our students are looking at Nehemiah's prayer life and how he stands out as a figure in scripture who consistently turns to God in prayer regardless of the circumstances. Students will learn from his example how to pray, how God uses prayer to bring about change in our own lives, and what to do when the answer to our prayer is not what we hoped for.

As always, please continue to pray for all of our students and kids as they grow and learn more about God's perfect love for them.
