They call it the “summer slump”. In church life, it’s expected. Assumed. But just one thing real quick.... IT’S NOT A THING!

Aside from the obvious fact that no local church stops gathering weekly for Word, worship, and fellowship during the summer, there are lots of things still happening at and around Lincoln Avenue. I’d like to mention two.

As you know, we are presently DEBT FREE. Our capital campaign loan for our recent renovations and improvements has been paid off, and we plan to celebrate. Sunday, July 20 at 2PM in Graceland, join us for some food, music, special guests, and a good old fashioned “note burning”. If you’ve never been part of one, it’s a pretty special moment of both tradition and celebration.

The second thing is something I always look forward to as part of our worship gathering. We have a baptism service planned for Sunday, July 27, and I love it! To gather with the saints and celebrate an addition to the Kingdom... what a JOY!

If you are interested in learning more about baptism, what it is, what it means, why we practice it, when and how we do, plan to join Pastor Richard this Sunday, July 13, following morning worship in the sanctuary for “Discover Baptism”.

Summer slump? No way!
