

Heartland Christian Athletic Association  
Arkansas • Kansas • Oklahoma

With the ongoing growth of the private Christian school sector, both in Oklahoma and surrounding states, the Oklahoma Christian Schools Athletic Association (OCSAA) has made the decision to change the name of the association. The new association will be the Heartland Christian Athletic Association (HCAA). This re-branding for the association to the Heartland Christian Athletic Association more accurately reflects the identity of the regional association, as the HCAA now includes 44 member schools from 3 States:

**Arkansas:** (8 Schools)

**Kansas:** (2 Schools)

**Oklahoma** – (34 Schools)

The growing number of member schools will result in an improved athletic experience for the HCAA student athletes and their fans. An example is the recent announcement for the 2017 High State Volleyball tournament. Due to 22 schools participating in the state tournament, the association will be able to award state champions in three classifications (1A, 2A, 3A).

The association will now offer member schools the opportunity to compete for state championships at both junior high and varsity level, including 10 varsity sports:

- Baseball
- Basketball
- Cheer
- Cross Country
- Football
- Golf
- Soccer
- Softball
- Track
- Volleyball

Another exciting development with the Heartland Christian Athletic Association is the launch of a new, updated website:

- [www.heartlandathletics.com](http://www.heartlandathletics.com)

The HCAA also has a new twitter account, where fans can keep up-to-date on the HCAA:

- @hcaa\_athletics

The future is very bright for the HCAA, and we would like to encourage fans from every school to make plans now to come out and be part of the excitement.
