

Ms. Collins' Newsletter

Gospel Lights, Little Doves, Savior Sunbeams

During February, to celebrate Dental Health month, our classes will enjoy visits from dental health professionals. We would also like to invite parents to visit the classroom to share something special with the children. Recently a grandma played her guitar for Little Doves. The children love parent visitors/speakers in the classroom. Throughout the years parents have played instruments for the children, told them about their job, taught the children about a hobby or craft, etc....if there is something you would like to share, please speak with Ms. Collins to arrange a visit.

Please sign up in the hallway for Parent/teacher conferences:

Tuesday, February 20th Little Doves and Savior Sunbeams

Monday, February 26th Gospel Lights (Please note the date change from original school year calendar)

Happy Valentine's Day Party

Tuesday, February 13 - Little Doves- 14 classmates

Tuesday, February 13 - Savior Sunbeams- 8 classmates

Wednesday, February 14 - Gospel Lights- 14 classmates

We will celebrate our preschool friendships with a Valentine exchange. Please bring a Valentine for each classmate and help your child distribute them in the Valentine bags before class begins. Please write "To: My friend" in the blank spot on the Valentines. Then your child can easily drop them in each bag without searching for names.

******Preschoolers, please, wear RED or PINK to our Valentine party.******

Jesus Time during February

We will learn about Jesus' love through his miracles and his friendships with his 12 disciples. We will also begin practicing our Sing In Church songs for March 10th.

February Themes and Letters of the Week

Practicing Dental Health

Queen of Hearts

Olympic Races

Dr. Seuss

God bless you and have a wonderful month! Ms. Collins and Miss Emma
