

"How To Drift From God"
Ephesians 5:15-20

Neglect your time with God

- Don't read the Bible
- Don't come to Church or come Late
- Don't get involved, join a small group
- Don't give
- Don't pray

Hang around the wrong people

- Don't hang around strong Christians
- Find people who love the things that drag you down.
- And by all means enter into a dating or significant relationship with someone who does not know Jesus.

Give into Temptation

- Put yourself in a vulnerable place.
- Say to yourself, "I'll go ahead and do this... God will forgive me. He won't mind at all that I am presuming on His goodness or that I am totally dishonoring the sacrifice of His Son."

Love this world more than you love God.

- Believe this world is your home.
- Sell out to materialism... go ahead and buy that ... even though you are already maxed out on your credit cards
- Spend all your free time on whatever obsesses you.
 - Sports
 - Fitness
 - Instagram or Facebook or Snapchat

If you get a crazy idea to STOP drifting from God and make some changes in your life, then make sure you try to do it on your own!

- Don't tell your spouse about it.
- Don't join a MAP or accountability relationship
- Don't share it with your small group.
- Don't ask for anyone to keep you accountable
