A Run Through Church History

Leader: Michael Liljenberg

History is really HIS Story. God reveals himself in history: in the history of the Jewish people, in the life and ministry of Jesus, and in the history of His Church. How can the Church impact the world today? Well the church has been transforming the world for 2,000 years. Let's look over the history of the Church as it ministered through times of persecution and times of power, through times of revival and even war. But we'll have to move pretty fast. 2,000 years in less than 12 weeks is not a lot of time.
