School Handbook Agreement

I hereby affirm that I have read the Student Handbook and discussed its policies with my student.

I certify that I consent to and will submit to all governing policies of the school, including all applicable policies in the Parent/Student Handbook.

I agree that, as a parent, I will not knowingly and/or actively endorse, promote, advocate, or support practices or activities that are not consistent with the doctrine and teaching of the Wisconsin Evangelical Lutheran Synod.

I understand that the standards of the school do not tolerate profanity, obscenity in word or action, dishonor to God and his Word, disrespect to the personnel of the school, or continued disobedience to the established policies of the school.

I understand that the services of the school are engaged by mutual consent, and that either the school or I reserve the right to terminate any or all services at any time.

I understand that this Handbook does not contractually bind St. Paul Lutheran Ministries and is subject to change without notice by decision of St. Paul Lutheran School's governing body.

Admission to the school is a privilege, not a right, and admission for one school year does not guarantee automatic admission for future school years.

Transportation for Field Trips

I understand that by enrolling my child(ren) at SPLS, I agree to give my child(ren) permission to travel with the class under the supervision of his/her teacher and/or others chosen by the teacher to these trips/events. The teacher will ensure that the people driving or assisting on these trips are taking every precaution to ensure the safety of my child(ren).

I understand that by enrolling my child(ren) at SPLS, I give my child(ren) permission to attend and be transported on all field trips and events off school grounds under the direction of his/her teacher, understanding great lengths will be maintained to ensure the safety of my child.

Publishing Student Information, Work, or Photographs

A student directory with addresses and phone numbers of students is published solely to be distributed to our school families.

☐ YES, our family may be listed in the directory. ☐ NO, please do not list our family in the directory.

SPLS on occasion will publish student information, student work, or student photographs (individual or group) under the following parameters:

Student work and/or photographs (individual or group) may be used in school publications, on the school website, or on the school Facebook page.

Only a first name and last name initial will be used by SPLS, if names are used at all. In the case of local newspaper publications, a first and last name might be used. No personal information about the students, such as home address or telephone number, will be published.

☐ YES, my child(ren)'s work/photos may be used. ☐ NO, please do not use my child's work/photos.

Lessons may on occasion be filmed or video recorded for absent students to view. These video recorded lessons would be shared only with the students/families of students who are absent and would not be distributed beyond the classroom.

Technology Use Policy

I have read the St. Paul Lutheran School Technology Usage Policy and have discussed it with my child(ren), and we agree to the Code of Conduct as outlined. I understand that my child's privilege to use technology at SPLS can and will be revoked if he/she violates these rules. I give consent for SPLS teachers to use educational technology tools and resources with students as such tools would augment the learning process. Students will not be allowed access to technology at SPLS until this agreement is signed by a parent or legal guardian.

At-Home Chromebook/IPAD Use

Under traditional circumstances, SPLS devices used by students remain at SPLS. This procedure will remain in effect whenever we are conducting on-site learning. SPLS may need to close school on short notice and may need to conduct virtual learning for a period of time. SPLS also understands that a family's access to technology and devices at home varies. For your reference, a tablet (iPad, Kindle Fire, Samsung or other Android tablet, etc.) would be adequate for grades K-2, whereas a device with a keyboard is preferred for grades 3-8. Please indicate below whether your child(ren) would need to take home a school-owned device to be able to carry out distance/virtual learning.

_____ Yes, we would need to take home a school-owned device for virtual learning.

Children's names and grade levels where a device would be needed.
