New Branding & Logo: Over the past couple of years, we have contracted with [Blueprint for Schools](#) for several projects and educational improvement initiatives. Throughout this school year, we have contracted with Blueprint for Schools for branding and logo purposes for your ECC and school. It was amazing that we

were able to utilize the expertise of one of our own school families in the design process for our new logo. Thank you Lindsay Ropella for helping us design and develop the new logo for our ECC and School! Now that this process is complete, we will have a new website up and running in the next few weeks. Again, thanks to one of our own school families, this project is coming together very well. Thank you Brad Beck for helping us design

and develop a new website for our St. Paul Lutheran Ministries! The following are the main portions of our branding and logo:

Nurturing Faith and Futures Together

Brand Message

NURTURING FAITH

At St. Paul's Lutheran Early Childhood Center and School, faith is the foundation of everything we do. Our mission is to "partner with families to nurture children for Christian lives of service and for eternity." Guided by faith-focused educators and supported by an on-campus church, children learn within a community of caring professionals. The ministry's educational program is rooted in God's word, ensuring the curriculum and instruction are grounded in truth and grace. In this Christ-centered culture, children build a strong foundation of faith for their future!

AND FUTURES

St. Paul Lutheran prepares children for their futures in every way— academically, socially, emotionally, and spiritually. As one of the only birth-to-8th-grade campuses in the area, the early childhood, preschool, and elementary school program is comprehensive and convenient for families. An intentionally small enrollment allows for differentiated instruction, numerous extracurricular opportunities, and personalized attention for families. Through programs like Project Lead the Way and the SNSP Program, St. Paul Lutheran prioritizes academic growth for all children.

TOGETHER

More than a school, St. Paul's is a community that works TOGETHER to create a nurturing environment for both children and their families. Education at St. Paul's is a true partnership - parents, educators, and the church work hand in hand to support each child's growth. The ministry's team of administrators and educators continually evaluates family needs and then works to meet them. As a result, St. Paul's is known for its flexible programs, continual communication, and ongoing support. And as a part of downtown Appleton, St. Paul's values its community, seeks to be a part of it, and strives to serve families in its neighborhood.

Logos

With a 5-color palette, we have a variety of opportunities to display and portray our logo. Here is one color variation:

Logo Representation

TWO BUILDINGS

The two buildings symbolize that St. Paul is nestled right in the downtown community, as well as to represent the two sides of the school - both the ECC Daycare and the K-8 School.

CROSS & BOOK

The cross represents St. Paul Church as a support for the school, as well as Christ (& the Bible) being the firm foundation the school is built upon. The book can also represent academics.

MISSION / REFLECTION The mirroring of the logo represents the two sides of St. Paul - nurturing both **FAITH & FUTURES** through the ECC and School. The Cross at center represents doing this together as a Christ community.
