

ST. PAUL

LUTHERAN MINISTRIES

School Mission Statement:

Using God's Word as our guide, St. Paul Lutheran School will raise up future generations of Christians in our community by assisting parents in the Christian teaching of their children and by striving for excellence in all areas of instruction.

Worship Schedule: Join us for worship at St. Paul! Services are on Sundays at 8am & 10:30am, and Mondays at 6pm. *"I rejoiced with those who said to me, 'Let us go to the house of the LORD.'"* (Psalm 122:1)

Picture Retake Day TOMORROW: Retake Day is scheduled for Wednesday, September 18th. If you are not happy with your child's photo OR you missed the initial picture day, your child's picture will be taken that morning. ***Students having their photo retaken must return their original photo package to the photographer on 9/18.***

Lunch Helpers Needed: We are looking for a few volunteers to assist in the lunchroom on occasion when our current lunch staff cannot work. Interested individuals can contact Kris Feidt kfeidt@stpaulappletonwi.com.

Cross Country Update: The cross country team has had 2 (hot!) meets to run in so far this year. Many of the runners PR'd in yesterday's meet at Lion's Park in Greenville. The course was tough, especially for the 6-8 graders with much of the race being run uphill. Elliot Jelinek placed 4th for 5th grade boys and Olivia Jelinek placed 5th for 7th grade girls. Olivia also placed 5th for 7th grade girls in last week's meet at Memorial Park. Go Falcons!

School Challenge Team: Thank you to all who have signed up to be a part of St. Paul's school challenge team for this weekend's events at the Timber Rattler's Stadium or in Neenah! Please take a picture of the runners and either send them to Alyssa Kelley (akelley@stpaulappletonwi.com) or post them in our school families page. Let's represent St. Paul- Go Falcons!

VEX Robotics Program "VEX Robotics hosts the world's largest robotics competition for students all over the world to compete against one another using a robot of their own design. In the VEX IQ Competition, classroom STEM concepts are put to the test as students learn lifelong skills in teamwork, leadership, communications, and more. Tournaments to determine the best teams are held year-round at the regional, state, and national levels and culminate at the VEX Robotics World Championship each April." (<https://www.vexrobotics.com/iq>) St. Paul will be starting VEX for grades 5-8 in October. Practices will be Wednesdays after school from 3:30-4:45pm.
