The Lord has so graciously blessed me with another year of ministry. I never take for granted the opportunities I'm presented with and I'm already starting to fill the calendar for 2017. The message of Freedom and Hope has been proclaimed and women are being set free by the Holy Spirit.

Thank you for continuing to partner with me through your prayers and financial giving. I've ask the Lord to increase my territory in 2017 and I've already received a request from Wisconsin. Please continue to pray that the right doors open and the wrong doors shut. Amen.
