

# ***WHAT IS FAMILY HOUR?***

The FAMILY HOUR ministry intentionally works together as families—helping one another grow and disciple our children in preparation for the next generation of Christ followers.

1) Fellowship among the families (parents and their children).

The weekly meeting encourages discipleship and accountability among families. We learn from one another; whether it is parent to parent or parent to other children and vice versa.

2) Teach the children about God, His word, and how to apply biblical truths in our daily lives.

Parents learn together with their children and reinforce at home what was taught on Sunday. Therefore, families can connect with each other about what they are learning from God during the week and on Sundays. Sharing God's word within the family is a key emphasis of FAMILY HOUR. Sometimes, the topic involves parenting which may be new and targeted toward the parents.

3) Men learn to lead and disciple their families.

FAMILY HOUR is designed to be a model of worship, teaching, prayer, and discussion for fathers/parents to practice daily with their families at home.

Each week, fathers or young men take turns preparing and teaching the weekly lesson. The younger men are disciplined by the older men so that the upcoming generation learns how to spiritually lead their family in the future. Parents also rotate leading Bible-related games and crafts.

Join us for fellowship, worship, Bible study, and family fun!

Sundays @ 9:00 am in the Community Room
