# THE PINEROS

## BIG NEWS FOR THE PINEROS!

### MACKAY CHURCH PLANT

After much prayer and seeking God's direction, we feel led to move to Mackay full-time. We are planning to relocate in January 2027.

Over this next season, we'll be:

- Transitioning ministry in Rockhampton
- Allowing Naomi to finish her final year of school
- Preparing our family for this next step of faith

We are both excited and expectant, knowing this is God's leading—even though there are still many unknowns ahead (work, support, schooling). Once again, we are stepping out in faith, trusting Him to provide.

### ▶ WHAT GOD IS DOING IN MACKAY

We are already seeing God move in incredible ways:

- New families are connecting into the church
- More people are stepping into serving
- A growing sense of hunger and community

Recently, we held our first youth and young adults event, and it was amazing to see momentum building and excitement for what God is doing.

### ▶ A STORY OF LIFE CHANGE

One of the most encouraging things right now is hearing stories of people finding a place to belong.

We're seeing individuals and families step into church community and begin calling it home—some for the first time. These moments remind us why we said yes to this journey.

### HOW YOU CAN PRAY

- Wisdom and peace as we prepare for the move
- Provision for jobs, schooling, and support
- Continued growth and discipleship in Mackay
- Provision for the church chairs
- Ongoing life change in those connecting into church
