## Our Theme

### “Behold, A New Thing”

*"The Need For New"*  
*"Who Will Step Up?"*

On Saturday morning and evening, we will consider how the above helps us navigate the changes happening at Trinity, including the role of our church, and how we have unique abilities, passions, and purpose. How are we going to use them? All things need transition. They need to grow, heal, adjust, renovate, evolve and impact differently. How does a community of people transition well, while experiencing gain and loss, joy and heartache, love and letting go? How do we do this together?

Our Saturday optional breakout session looks at *"What can you imagine?"* Not all of our ideas can take place. Not everything we want will happen. But what can you imagine this church doing? What could it look like? What could the city experience through us?

It's easy to dream. It's easy to watch. It's easy to let others "do". But it doesn't work that way. We all have too much to offer to just be on the sidelines. There's too much need in our church and community to just watch. How will you play a role in making this happen?
