Change A Life Ministry Grant Request

Trinity's Change A Life Ministry (CALM) provides grants and scholarships to individuals and organizations in order to positively change the trajectory of a life. For example, we support missions that benefit the poor, help students attend seminary and fund community outreach projects that have a long term benefit to the financially vulnerable.

Examples of Appropriate Requests

- A one-time gift that resolves an individual's financial challenge
- Specific project funding for an organization that opens up opportunities for vulnerable populations
- Educational support for individuals (local or international) who would not otherwise have opportunities
- Seminary support for those requiring financial assistance

To request a grant, fill out the form below:
