

Download the app, and read with your friends on your smart phone!

For iPhone:

App: Life.Church Bible App (YouVersion)

Reading Plan: CCV: The Bible in One Year

Go to the App Store and at the bottom, click on “search.” Enter the term “Bible” and click on the app from Life.Church that comes up. Once you download this app, you will see it is from YouVersion. To download, you will need to know—or create—your email and password.

You will also have the option of making an account for this app, and this will allow you to connect with friends and encourage one another in your reading! Click on the little icon in the top right corner, which looks like a person, and it will ask you about searching for friends from your phone’s contacts.

You can also download this app on your computer by going to www.bible.com

To find the Reading Plan you need, click on your phone on “plans” at the bottom (you can also do this on your computer at the top). Next, click “discover” then scroll through the headings and click “through the Bible.”

Choose the plan that is titled **“CCV: The Bible in ONE Year.”** The readings attached correspond to this app.

For Android, google “Bible.com Android” and several helpful links should come up.
