Notable Quotes about the Bible

Reading the Bible without meditating on it is like trying to eat without swallowing. --Anonymous

Here, then, is the real problem of our negligence. We fail in our duty to study God's Word, not so much because it is difficult to understand, not so much because it is dull and boring, but because it is work.

Our problem is not a lack of intelligence or a lack of passion. Our problem is that we are lazy.

--R. C. Sproul
