

# Trailblazer Reading Plan

We want to help kids discover more about our heavenly Father and focus on His Word by reading a Bible verse or two each day.

Some kids may choose to do this on their own, while others may want you to snuggle up and read it with them.

Encourage kids to follow these three steps each day:

- Seek: Pray and ask God to help you hear what He has to say to you.
- Search: Read the Bible and find the truth of God's wisdom.
- Say: Talk about what you discover together!

## WHICH VERSION?

We recommend elementary kids read the NIrV version of the Bible because it's easy to understand, but other versions (such as the NLT) would be great, too.

## KEEP IT FUN

If kids miss a day or fall behind, encourage them not to stress. Don't make it like homework. Reading the Bible is a "get to" and not a "have to." Helping your child to have a fun experience with this reading plan will pay off a lot more in the long run than just completing the reading plan on time.

## EXTRA AWESOMENESS

You may want to think about buying your child a blank journal or notebook where they can write down the verses they're reading, record their discoveries about our God, and draw or write about things they're thinking about and praying about each day.
