

Atonement Lutheran School Chromebook Contract

Student/Parent Agreement & Responsibilities

The Chromebook provides students with the responsibility and access they need to choose how, when and where they learn. Utilizing a Chromebook will help to expand the learning experience beyond the availability of traditional classroom resources to include interactive lesson capability as well as tools to support productivity and creative expression. The Chromebook is easy to use and can improve the progress of learning for everyone, regardless of age or ability, and provides accessibility to the world's subject matter anywhere wireless connectivity is available.

Atonement Lutheran School considers internet, computer, and Chromebook usage as both a privilege and a necessity for students to experience enhanced learning. These rules apply to all school computers, all school-provided electronic devices, all school servers, and all internet access and networks, regardless of how or where they are accessed. In addition, Atonement Lutheran School considers parents and guardians to be vital stewards of our students' instructional support system, and, as such, we ask parents and guardians to agree to set and follow reasonable guidelines for supervision outside of school.

Review and initial each statement below.

Student Parent Initials
Initials

_____ 1. I will not leave my chromebook unattended unless it is locked in a secure place. My family is fully responsible for the cost of replacement if my Chromebook is lost or stolen.

_____ 2. I understand that my family is financially responsible for the full cost of damage that occurs to the Chromebook.

_____ 3. We will use electronic communications (mobile devices, electronic mail, messaging, social networking, and Web involvement and applications) during classes for academic purposes only and will use caution when revealing information of a personal nature. Students agree to keep their password private, except to their teacher or parent. Network accounts and hardware, including school email accounts, classroom Chromebooks are considered school property.

_____ 4. We will care for the hardware and software as tools of learning and will keep them in good working order while at school. We suggest that you do the following to care for your chromebook:

- No food, liquid, or heavy or sharp objects near the devices.
- Devices should not be stored in a vehicle at home or at school or exposed to long-term temperature extremes or direct sunlight.
- Do not drop, throw or slide a Chromebook or a bag containing one.
- Do not stack books or other heavy items on top of the Chromebook.
- Only use a clean, soft cloth to clean the screen, and never use cleansers of any type.

Student Parent Initials
Initials

- Students are responsible for getting the coursework completed whether or not the Chromebook is working or available.
- Chromebook malfunctions are not acceptable excuses for failure to submit work, and Atonement is not responsible for lost or missing data.

_____ 5. We will follow these rules while using Chromebooks at Atonement Lutheran School and understand if not followed will result in disciplinary action:

- Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
- Instructors maintain the right to determine Chromebook use in the classroom.
- Failure to abide by teacher direction regarding Chromebook use will result in disciplinary action and may jeopardize Chromebook privileges.
- Chromebooks must be fully charged at the beginning of the day. Students will not be allowed to charge at school.

_____ 6. While Atonement Lutheran School provides a content filtering solution for the Chromebook, regardless of the device's location, we ask that parents discuss and establish acceptable use in their homes and hold their children accountable to those expectations.

_____ 7. We understand that unacceptable uses of technology will result in disciplinary action. No posting anything against our Christian values, searching inappropriate material or recording, sharing and/or posting of recorded material, images or audio without former consent of all parties.

_____ 8. Students are permitted to provide personal headphones to listen to their Chromebooks, and are permitted to use them with authorization from the teacher for instructional use in the classroom. In order to maintain this privilege, students must comply with volume levels that are not audible by surrounding audiences, and may not wear headphones or listen to Chromebooks during transitions, emergency drills, or anytime a staff member requests that the Chromebooks be put away.

Consequences/disciplinary action- Parents, please set a good example & communicate often
